

FIND YOUR FOOT ID

STEP 1: MEASURE THE LENGTH OF YOUR FOOT

Trace an outline of your bare foot on a piece of paper, and measure the furthest length from your toes to your heel in centimeters.

STEP 2: IDENTIFY YOUR FOOTID

Find your FootID™ number next to the foot length closest to the length of your own foot below.

STEP 3: ORDER THE PRODUCT SIZE THAT'LL FIT YOUR FOOTID

At the **sizing section** of the order form page, you'll find a size chart for each specific shoe. Find your FootID number in the top row of the size chart. Directly below is the size that will best fit your foot in that specific shoe.

EXAMPLE SIZE CHART

In the sample size chart below, let's say our FootID™ is ID18. Then we would choose a pair of Size 2 BA40 Gymslippers.

BA40 GYMSLIPPERS

Fit notes: This style curls up a little at the toes when worn.
